

The hunts will be each approx. 20 km through gently rolling countryside of the former chateaus hunting grounds. The hunt routes will be different from past years.

On Sunday we explore the centuries of history of our territory.

Spring hunting takes into account that the horses may not be in the top physical condition. Second field will be guided in a slower pace, and will by-pass obstacles and jumps.

Proper hunting attire is requested, pink (red) or dark jackets.

All riders take part on their own risk.

Chateau Kratochvíle is located on the main road approx. 1 km west of Netolice, direction Prachatice, or approx. 160 km south of Prague.

Under the patronage of the Major of Netolice

Kratochvíle, April 2016

We cordially invite you to a
